*Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance: Claims 1-15 are allowable over prior art references because related references do not disclose each limitation of the claim, particularly, a rake receiver coupled to the first receiver and operative to receive and process the samples to provide time measurements indicative of times of arrival of transmissions received at the remote terminal from a plurality of base stations, wherein the rake receiver includes: a plurality of finger processors, wherein one or more finger processors are assigned to each base station in a first set and second set, and wherein the finger processors are operative to perform a time measurement for a respective base station in the first or second set, and wherein time measurements for base stations in the first and second sets are performed between updates of a reference clock (control signal) used to perform the time measurements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
